Dear Mr. Weisberg:

Your books have arrived. I can not wait to go through them. I have however of late been cuaght up in my own life and the other political stuff going on recently like the bizzare Thomas hearings.

I have seen all five episodes of The Men Who Killed Kennedy. The only thing that seemed really strange was the claim that the assassins were French Corsicans. The presentation of this was odd but slightly logical in why they would have to be foriegn. They left out who would have hired them of course which is far more important. I would like to make a copy of this show for you. Would you prefer to have it all on one tape or five individual tapes? or maybe you have already acquired a tape form someone like me? Either way let me know.

I will be attending a conference on the assassination in Dallas Nov. 14-16. (see enclosed) I would like to know your opinions of this and questions I should ask of the guests. I naturally have a few of my own.

I also have begun subscribing to The Third Decade which is the best source of information, theories, and current investigations I have ever seen. It also serves to bring researches together. Have you seen this journal?

Hope you are well

Sincerly Yours
